**APPOINTMENT  
NECESSARY**

**For Your Appointment  
Call Senator Scavello's Office  
at 610-863-1200**

Hosted By

**State Senator Mario Scavello &**

### Lions KidSight USA

is a nationwide program to safeguard the vision of children aged 6 months through 6 years.

According to educational experts, 80% of learning is visual. So if a child can't see well, he can't learn well. Yet most young children don't get their vision screened until they have problems learning or paying attention in school. By then, it may already be too late. Unless vision problems are detected early and corrected, they risk becoming permanent by age 7.

### Vision Screening Criteria:

**Age:** Screening of youth age six (6) months to six (6) years of age.

**Testing:** Pediatric-age vision screenings conducted for the following conditions: Anisometropia, Astigmatism, Hyperopia, Myopia, Anomalous Corneal Reflexes, and Anisocoria.

**Referral Criteria Recommendation:** Children will be referred to an eye care provider for a comprehensive vision examination based on results of the automated photo screening and vision acuity test if required under the individual state guidelines.
